TOTAL:	5657	1409	24.91%

In terms of percentage, total OBC candidates allocated services so far since 1994 has been slightly less than their quota of 27%. The reasons for this are:

(0 The roster for OBC vacancies are maintained by respective cadre controlling authorities and OBC vacancies are separately reported by each cadre controlling authority annually. As such, total number of OBC vacancies reported by various cadre controlling authorities may not add to exactly 27% of total number of vacancies in a year, and

(ii) some candidates, including those belonging to OBC category, after being recommended by UPSC do not appear in the medical examination or fail to qualify it. The candidature of such candidates is cancelled. As a result some vacancies including that of OBC category remain unfilled.
